November 21, 2016

The Honorable Scott Walker, Governor
Members of the Wisconsin Legislature
State Capitol
Madison, Wisconsin 53702

Dear Governor Walker and Members of the Legislature:

Pursuant to s. 16.43, Wisconsin Statutes, the Department of Administration is submitting the Department of Revenue's general purpose tax revenue estimates for the state's biennial budget for fiscal years 2017-18 and 2018-19, as well as a summary of state agency budget requests. In addition, revenue estimates for the remainder of the current fiscal year 2016-17 have been included. Such revenue estimates are used to identify the funds that serve as the base for the biennial budget.

It should be noted that revenue estimates will be updated prior to the Governor submitting his budget recommendations to the Legislature. Additionally, as has occurred in the past not all state agency budget requests included in this report will be included in the Governor's recommendations. State agencies are not all under the direct control of the Governor as some are headed by separately elected constitutional officers. Even so, these agency recommendations will be reviewed and considered prior to the Governor submitting his budget recommendations to the Legislature.

As has commonly occurred in the past, this report reflects an imbalance in estimated revenues vs. requested expenditures. As has happened each year since 2011 the budget will be managed and remain with a positive balance and the Governor will submit a balanced budget to the Legislature.

Wisconsin is Working

I am pleased to report that Wisconsin is working. The State of Wisconsin completed fiscal year 2015-16 with a positive general fund balance of \$331.0 million. With this total, we entered fiscal year 2016-17 with the fourth-largest opening balance in 16 years, all four coming after fiscal year 2010-11.

As reported in the Annual Fiscal Report, Wisconsin has built a \$281 million balance in the Budget Stabilization Fund, 165 times larger than before the Governor took office.

In order to keep Wisconsin working, we will continue to manage the budget with discipline and live within our means. Budgets will be crafted not based on the wants of government agencies, but instead be focused on providing a government that is **accountable to taxpayers, promotes student success, and prioritizes rewarding work.**

Over the last six years, more than \$4.7 billion in tax relief has been realized by Wisconsin taxpayers. For the owner of a median-valued home, property taxes are lower today than they were in 2010. The typical median-income family of four will realize \$916 in income tax savings from rate cuts alone between tax years 2013 and 2016. While reducing the burden of government on taxpayers, we have continued to maintain a balanced budget. All of the budgets over those years ended the fiscal year with a positive balance.

K-12 education is the top GPR expenditure in the state. Additional investment in K-12 education is a priority for the Governor in the upcoming budget. Our efforts to make government more efficient will allow savings to be used to help every student succeed.

We will also continue to reward work in Wisconsin by helping people to move from dependence to independence through the dignity of work. One reform to the FoodShare Employment and Training Program has helped nearly 19,000 individuals find employment since this program's statewide implementation. Programs such as this will continue to be included in the Governor's budget.

Revenue Estimates

Revenues continue to climb even after substantial tax relief efforts were enacted. The Department of Revenue's estimates of general purpose tax revenue for fiscal year 2016-17, fiscal year 2017-18 and fiscal year 2018-19 are summarized by tax source in Table 2. For fiscal year 2016-17, state tax revenues are estimated at \$15.440 billion. This is \$343 million (2.27 percent) higher than fiscal year 2015-16 actuals.

State tax revenues are estimated to increase from this revised fiscal year 2016-17 base to \$15.888 billion in fiscal year 2017-18, an increase of \$448 million (2.90 percent). Revenues are estimated to increase to \$16.370 billion in fiscal year 2018-19, an additional \$482 million (3.03 percent) over fiscal year 2017-18. In total, revenue is estimated to increase \$1.378 billion over the revised fiscal year 2016-17 base.

These revenue estimates are based on existing tax law and are the result of economic activity. These figures also assume current state and federal law. Revenue estimates can be volatile. The revenue estimates cover more than two and one-half years until June 30, 2019.

General Fund Condition Projections

The general fund condition statements (see Tables 3 and 4) reflect current law appropriations for fiscal year 2016-17 and the requests from state agencies for fiscal years 2017-18 and 2018-19. They incorporate the current economic outlook and revenue forecasts based on the best available data at this point in the fiscal year.

Based on projections, the state's general fund gross balance at the end of fiscal year 2016-17 is projected to be \$104.8 million (see Table 3), assuming state agency expenditures reach the appropriated maximum. This projection is based on the Department of Revenue's revised fiscal year 2016-17 tax revenue estimates and the final budget for fiscal year 2016-17. Estimates of departmental revenues, sum sufficient appropriations and lapses have been updated based on the latest available information.

This report also shows that for the coming biennium, agency budget requests exceed expected revenues by \$250.2 million in fiscal year 2017-18 and by \$442.8 million in fiscal year 2018-19, for a total of \$693.0 million over the biennium. This is a reduction of 68.70 percent compared to the same report in 2014. For perspective, two agencies, the Department of Public Instruction and Department of Health Services have requested a total of \$963.6 million GPR over the biennium (see Table 5). As has been the practice in the past, not all agency requests will be included in the final budget.

Agency Budget Requests

On July 25, 2016, the Governor instructed most state agencies to submit biennial budget requests that restrain GPR spending at, or below, the fiscal year 2016-17 adjusted base levels. Agency requests were to focus on providing opportunities for our world-class workforce and continuing to enhance our state's economy. Savings due to reforms and efficiencies were to be directed toward investments in K-12 education in the Governor's budget recommendations.

State agency budget requests for the 2017-19 biennium are summarized statewide and by functional area (Appendix 1) and by each agency (Appendix 2). If approved, these agency budget requests would increase total spending (ALL funds) from the adjusted base of \$37.086 billion in the current fiscal year to \$37.417 billion in fiscal year 2017-18, an increase of \$331 million (0.9 percent). For fiscal year 2018-19, agencies have requested \$38.609 billion, an increase of \$1.192 billion over fiscal year 2017-18 (3.2 percent).

Requests for GPR expenditures of \$16.883 billion are included in fiscal year 2017-18 and \$17.607 billion in fiscal year 2018-19 (see Table 1). This means agencies have requested annual GPR increases of -0.9 percent (a decrease of \$150 million) in fiscal year 2017-18 and 4.3 percent in fiscal year 2018-19 (\$725 million). Much of the requested increase comes from the Department of Public Instruction, which has

requested over \$508 million additional GPR, and the Department of Health Services, which has requested over \$450 million GPR for Medicaid costs-to-continue (see Table 5). A complete summary of agency budget requests for GPR spending is shown in Table 5. Similar information is shown for all fund sources in Table 6.

Budget requests of individual agencies do not normally include any funds for prospective increases for debt service, fuel and utilities, state employee compensation and fringe benefits, or University of Wisconsin faculty pay adjustments. These items will be addressed as Governor's recommendations in the budget bill submitted to the Legislature. In addition, the capital budget requests of agencies are not included in the attached tables.

Wisconsin's Economic Outlook

Wisconsin's economy is projected to continue growing as the U.S. economy advances. IHS Economics projects steady real GDP growth for the U.S. economy of 2.2 percent in calendar year 2017, 2.2 percent in calendar year 2018, and 2.2 percent again in calendar year 2019. Personal income, in nominal terms for the nation, is projected to grow 4.3 percent in calendar year 2017, 4.9 percent in calendar year 2018, and 5.0 percent in calendar year 2019.

The overall national forecast calls for a continuation of the general pattern of moderate growth that has been experienced in the years following the Great Recession. The 2.2 percent real GDP growth rate projected over the next three years is just above the 2.1 percent average since the recession. Employment growth is expected to moderate as labor markets tighten, but this will cause wages to increase. Inflation is also expected to accelerate to an average of 2.4 percent over the next three calendar years, up from 1.6 percent since the recession. Wisconsin's economy should follow these general trends, which supports continued moderate general fund tax revenue growth.

Wisconsin has excelled in many areas. Wisconsin is one of only ten states in the nation to have an annual average unemployment rate lower in 2015 than in 2007, prior to the Great Recession. Currently, the state unemployment rate is the lowest it has been since February of 2001.

Employment has reached all-time highs this year and the labor force participation rate is in the top ten states in the nation. In addition, weekly initial unemployment claims are tracking the lowest they have been since 1989, and continuing claims are the lowest on record since weekly claims began being tracked in 1986.

Risks to the Estimate

Any changes to the national and world economies will affect these estimates. We must remain mindful of these risks and continue to be good stewards of the taxpayer's money.

The Honorable Scott Walker, Governor
Members of the Wisconsin Legislature
Page 5
November 21, 2016

The results of the recent presidential and congressional elections significantly increase the probability that meaningful changes in national fiscal policy will be enacted for both taxes and expenditures. The degree and timing of these changes creates uncertainty in the intermediate forecast.

There has been strength in the U.S. Dollar, which continues to hinder U.S. exports. In addition, monetary policy also presents a risk to the forecast. The Federal Reserve appears likely to increase short-term interest rates in response to a tightening labor market and higher inflation. Interest rate increases may weigh on growth in the coming few years. Higher interest rates, however, will restore some of the interest income that has been heavily diminished due to the extended period of near-zero interest rates.

Finally, there are more general risks with a national economy that is now well into its seventh year of expansion. While economic growth has been modest, this expansion has been the fourth longest in the post-World War II era.

If you have any questions regarding this information, please contact myself or State Budget Director Waylon Hurlburt.

Sincerely,

A handwritten signature in cursive script, appearing to read "Scott A. Neitzel".

Scott A. Neitzel
Secretary

Table 1

**Summary of Agency Budget Requests
for FY18 and FY19
(in millions of dollars)**

	<u>FY17 Base</u>	<u>FY18 Request</u>	<u>\$ Change Over Prior Year</u>	<u>% Change Over Prior Year</u>	<u>FY19 Request</u>	<u>\$ Change Over Prior Year</u>	<u>% Change Over Prior Year</u>
All Funds	\$37,085.6	\$37,417.0	\$331.4	0.9%	\$38,608.5	\$1,191.5	3.2%
GPR Only	\$17,032.9	\$16,882.7	-\$150.3	-0.9%	\$17,607.3	\$724.6	4.3%

Note: Change Over Prior Year may not add due to rounding.

Note: The FY18 Request amounts include \$280.0 million GPR that is appropriated to cover debt service for the pension obligation bonds. The request is a decrease of \$383.0 million over the prior year. Due to the bond requirements, the FY17 Base appropriation is significantly higher than projected expenditures, resulting in a large offsetting lapse. The lower FY18 appropriation results in a smaller offsetting lapse. If the appropriation is removed from the FY17 Base and FY18 Request, the Change Over Prior Year would be \$232.7 million, or 1.4%, over FY17 for GPR only.
