Joint Committee on Finance

Paper #675

### Creation of the UW System Authority (UW System)

[LFB 2015-17 Budget Summary: Page 52, #3, Page 54, #4, Page 141, #10,  
Page 462, #13 thru 513, #33 (except 494, #52)]

---

#### CURRENT LAW

The UW System is a state agency that is governed by the Board of Regents.

#### GOVERNOR

Convert the UW System to a public authority governed by the Board of Regents.

#### DISCUSSION POINTS

1. The Joint Finance Committee Co-Chairs have indicated their intention not to proceed with the proposed conversion of the UW System to a public authority. The items relating to this proposal include all items in the Legislative Fiscal Bureau's "Summary of the Governor's 2015-17 Budget Recommendations" beginning with item 13 on page 462 and ending with item 33 on page 513 except for item 52 on page 494 which was previously removed as non-fiscal policy. If the Committee were to delete these items the UW System would remain a state agency and current law regarding the UW System would be maintained.

2. The Legislative Fiscal Bureau has prepared budget papers on a number of items included in the Governor's proposal to convert the UW System to a public authority. The Committee could consider those items separately or could delete those items along with all of the other items related to the authority proposal. Those items are as follows:

**Items Related to the Governor's Proposal to Convert the UW System  
to a Public Authority Addressed in Other Budget Papers**

<u>Page</u>	<u>Item #</u>	<u>Title</u>
463	16	Delete appropriation for telecommunications services
464	17	Delete rural physician residency assistance program
	18	Delete physician and dentist and health care provider loan assistance programs
	19	Delete fertilizer research funds*
465	20	Delete aquaculture demonstration facility
	21	Delete environmental program grants and scholarships
	22	Delete discovery farm grant program
466	23	Oneida programming at UW-Green Bay
	24	Delete Center for Cooperatives
467	27	Minnesota-Wisconsin student reciprocity
477	14	Future GPR funding levels
482	24	Authority to set employee salaries
482	25	GPR position authority and reporting
486	37	Authority to issue bonds
487	38	Oversight by the State Building Commission
488	39	DOA involvement in UW System Authority building projects and leases
489	44	Procurement authority
502	9	Delete provisions related to auxiliary enterprises funds

\*The Committee deleted this item during its executive session on the Department of Agriculture, Trade and Consumer Protection on May 12, 2015.

3. A number of items included in the Governor's budget are not related to the proposal to convert the UW System to a public authority. These items are 1 through 12 shown on pages 459 to 462 of the LFB's "Summary of the Governor's 2015-17 Budget Recommendations." Items 2 through 5 and 9 through 12 are addressed in separate papers and items 1, 6, 7, and 8 are shown on the UW System's back sheet.

**ALTERNATIVES**

1. Approve the Governor's recommendation.

2. Delete all of the items shown in Attachment 1. This is all of the items related to the Governor's proposal to convert the UW System to a public authority other than the items for which separate papers have been prepared. Attachment 1 also includes corresponding items under the Department of Agriculture, Trade, and Consumer Protection related to the transfer for the State Laboratory of Hygiene (SLH) and the Veterinary Diagnostic Laboratory (VDL) and a corresponding provision under the Educational Communications Board related to the affiliation agreement with the Board of Regents. Under this alternative, the UW System would remain a state agency, SLH and VDL would remain attached to the UW System and current law related to the UW System would be maintained except in the areas for which Legislative Fiscal Bureau budget papers have been prepared. The Committee would act on those items separately.

3. Delete all items related to the Governor's proposal to convert the UW System to a public authority. Those items begin with item 13 on page 462 and end with item 33 on page 513 of the Legislative Fiscal Bureau's "Summary of the Governor's 2015-17 Budget Recommendations" with the exception of item 52 on page 494 which was previously removed as policy. In addition, delete corresponding items under the Department of Agriculture, Trade, and Consumer Protection related to the transfer for the State Laboratory of Hygiene and the Veterinary Diagnostic Laboratory and a corresponding provision under the Educational Communications Board related to the affiliation agreement with the Board of Regents. Under this alternative, the UW System would remain a state agency, SLH and VDL would remain attached to the UW System and current law related to the UW System would be maintained.
